Hold You (feat. Angel Deradoorian)

Rostam

Then one night it came to me in a dream
You were with me all along
And I could feel it with the dawn
And all of my life
And all of my life
I only ever wanted to hold you
I only ever wanted to hold youThen one night it came to me in a dream
You were with me all along
And I could feel it with the dawn
And all of my life (and all of my life)
And all of my life (and all of my life)
I only ever wanted to hold you
I only ever wanted to hold you
Then one night it came to me in a dream
You were with me all along
And I could feel it with the dawn
And all of my life
And all of my life
I only ever wanted to hold you
I only ever wanted to hold you
Then one night it came to me in a dream
You were with me all along
And I could feel it with the dawn
And all of my life
And all of my life
I only ever wanted to hold, yeah
I only ever wanted to hold you
