

# I'm Still Alive

## Stratovarius

Look around turn around  
You just might fall to the ground  
Sail away break away  
Damage done nothing to say  
All my life I've felt like an outcast  
But not anymore, a thing of the past  
Feel the sun, got to run  
Feels like life has just begun  
All is new, different view  
So many things that I will do  
I'm leaving behind the things I don't need  
And with confidence i'm planting the seed I'm still alive  
I'm ready to feel the wind in my hair  
And I know there are so many things to share  
I will write my story again  
Masterplan of a new kind  
I was lost but now I'm found  
I'm still alive
