

# All Day Long

## KAPPEKOFF

Been here all day long  
Listening  
Loving  
Each song  
On the radio that  
Oh oh  
You brought along to  
Dance  
Like a normal child  
Got me running wild

Smile  
I feel like a child  
Babe  
You got me running wild  
Been here all day long  
Let me grab a phone  
You look  
So good in the sun  
Been here all day long  
Listening  
Loving  
Each song  
On the radio that  
You  
Brought with out to  
Move move  
Like a normal child  
Got me running wild

I wanna groove  
Together love  
Groove all through the night  
All the way  
Til the sun comes up  
I wanna dance  
Yeah  
With you love  
Dance on through the night

All the way  
Til the sun comes up  
I wanna know  
I wanna know

Chorus
