

# Forget him

## Rekevin

Forget him  
Forget himForget him if he doesnt love you  
Forget him if he doesnt care  
Dont let him tell you that he wants you  
Cause he cant give you love which isnt thereOh, little girl, hes never dreaming of you  
Hell break your heart, you wait and see  
So dont you cry now, just tell him goodbye now  
Forget him and please come home to meForget him if he doesnt love you  
Forget him if he doesnt care  
Dont let him tell you that he wants you  
Cause he cant give you love which isnt thereOh, little girl, hes never dreaming of you  
Hell break your heart, you wait and see  
So dont you cry now, just tell him goodbye now  
Forget him and please come home to meNo, dont you cry now, better tell him goodbye now  
Forget him and please come home to me
