

Mercy In You

Depeche Mode

You know what I need
When my heart bleeds
I suffer from greed
A longin' to feed
On the mercy in you I can't conceal
The way I'm healed
The pleasure I feel
When I have to deal
With the mercy in you I would do it all again
Lose my way and fall again
Just so, I could call again
On the mercy in you
The mercy in you When here in my mind
I feel inclined
To wrongly treat you unkind
I have faith, I will find
The mercy in you I would lose my way again
Be led hopelessly astray again
Just so, I could pray again
For the mercy in you When here in my mind
I have been blind
Emotionally behind
I have faith, I will find
The mercy in you
The mercy in you
The mercy in you
The mercy in you
