

Write Your Story

[Sara Masterson](#)

I want to know, can you be with joy?
Mine or your own, I want to know, I want to know.
I want to know, can you sit with pain?
Mine or your own I want to know I want to know
I want to see but youâ€™re far below, but in my heart I canâ€™t let go
Open hands in the waiting, but will I know how to let it go?
Write your story down, write your story down.
When she turned around, I could see the poem.
It was written on her back in permanent brown.
Can you paint the stars, or do you fear the dark?
I want to know after the show what spins you around.
I want to believe in beauty, despite the pain, I want to believe, I want to believe.
I want to believe in kindness, despite the hate, I want to believe, I want to believe.
Write your story down, write your story down.
