

# Baby What's Wrong?

## Whitehorse

Baby what's wrong?  
I'm afraid to ask you  
Baby what's wrong?  
Tell me what did you  
Is there no loving in the aftermath of a sad sad song?

I see your hands  
The way they hide up your sleeves  
Your slender little fingers in a tight white fist  
That was meant for me  
I'm not the one who hurt you  
I'm just passing by  
But I will dry your big wet tears if you let me try

Baby what's wrong?  
I'm afraid to ask you  
Baby what's wrong?  
Tell me what did you  
Is there no loving in the aftermath of a sad sad song?
