How can all the fraction of
Now they tax you all your life Don't take me for no sunbeam
Don't take me for a sunbeam
Sunbeam, sunbeam I'm a crumb begging bag head, baby yeah
A crumb begging bag head, baby yeah
Bet you say that to all of the girls And all the long lost wars
Any cause worth dying for
A passing bell is reused by like capital again
Again, again, again Don't take me for no sunbeam
Don't take me for no sunbeam
Sunbeam, sunbeam I'm a crumb begging bag head, baby yeah, yeah
A crumb begging bag head, baby yeah
Bet you say that to all of the girls And if you ever smile
In a street of crocodiles
I doubt you'd ever smile again Don't
