# I Smile

## Pam Tillis

Oh yeah
Uh huhLost and all alone
Lookin' for a reason for being in this crazy world
Trying to go on
Lookin' for the answers to the questionsThere you were
From the moment you appeared
Everything became so clear
I'm so glad you found me, boyI smile when I think about the way you turned my life around
I smile when I think about the happiness in you I've found
I'm so amazed at what your love has done
And when I think the best is yet to come, I smileWandering in the dark, lost in the confusion
I thought I was losin' my mind for sure
I searched with all my heart, lookin' for direction
Somethin to believe inThere you were
And you were reachin' out to me
You were everything I needed
I'm so glad you found me, boyI smile when I think about the way you turned my life around
I smile when I think about the happiness in you I've found
I'm so amazed at what your love has done
And when I think the best is yet to come, I smile'Cause you've turned all my gray skies
To the brightest blue
My life feels like sunshine and it's all because of you
All because of youOh yeahI smile when I think about the way you turned my life around
I smile when I think about the happiness in you I've found
I'm so amazed at what your love has done
And when I think the best is yet to comeI smile when I think about the way you turned my life around
I smile when I think about the happiness in you I've found
I'm so amazed at what your love has done
And when I think the best is yet to come, I smileLa la la, ooh
Ooh, yeah
