

Only 364 Shopping Days 'Til Christmas

[Cledus T. Judd](#)

Only 364 more shopping days 'til Christmas
The kids have already started making out their wish list
All of those brand new toys they opened up this morning
Should come with a warning, soon becomes old and boring
Back to the malls there's not one second to waste
Use Grandma's car and get a handicapped parking space
There's only 364 more shopping days 'til Christmas
Ho, ho, ho, no here we go again
Only 364 more shopping days 'til Christmas
Manger scenes are on sale, get a free baby Jesus
So many gifts to buy, so little cash to spend
The second to spend, the second that it ends, it starts all over again
Might as well leave the tree up and the lights
right where they are
It may seem far away but it's really not that far
There's only 364 more shopping days 'til Christmas
Ho, ho, ho, no here we go again
I say that's 364 days times 24 hours
4 times 4 is 16, 4 times 6 is 24 plus 1 is 25
4 times 3 is 12 plus 4 is 14, drop the zeros down
2 times 4 is 8, 2 times 6 is 12 plus 2 is 12
2 times 3 is 6 plus 7, drop the zero, that's 6
8 plus 5 is 13, 14 times 2 is 7, 7 plus 1
That's 8736 hours to Christmas
My gosh that ain't much time
I think I better go, I think that was right
Only 364 more shopping days 'til
Christmas
I can't believe how little stress-free time that gives us
The credit's all been maxed out but there's still layaway
Start now and you might pay it off before the holiday
Scratch out those names, we can re-use those Christmas
cards
Save the wrapping paper and keep the snow chains on the tires
There's only 364 more shopping days 'til
Christmas
Ho, ho, ho, no here we go again
Blow blow blow and lots of dough
Ho, ho, ho, no here we go again
