

Skinny Genes (Acid Washed's Mesmerising Remix)

Eliza Doolittle

I really don't like your point of view
I know you'll never change
Stinging me with your attitude
I've got the mind to walk away I really don't like your arrogance
Or your policies
You're ninety-nine percent an embarrassment
Of just wrong (?) qualities I don't mind it when you (whistles)
Brings out the best in me when you (whistles)
Show your expertise
When the night always ends with a fight I'm excited
That you are the best in me I like it when you (whistles)
Can I have some please of that (whistles)
Satisfy my needs
Sometimes I fake that I hate you and make up
So you are the best in me I really don't like your skinny jeans
So take them off for me
Show me what you've got underneath
So we can do this properly I really don't like the way you smile
When you think you're right
But I will forgive you, the yoke is in the middle
And we're chewing through the wire I don't mind it when you (whistles)
Brings out the best in me when you (whistles)
Show your expertise
When the night always ends with a fight I'm excited
That you are the best in me I like it when you (whistles)
Can I have some please of that (whistles)
Satisfy my needs
Sometimes I fake that I hate you and make up
So you are the best in me I dreamt that you were on a train
And you were leaving, you were leaving
Made me think of what I'd miss
Do you believe it, you believe it I don't mind it when you (whistles)
Brings out the best in me when you (whistles)
Show your expertise
When the night always ends with a fight I'm excited
That you'll wind up next to me I like it when you (whistles)
Can I have some please of that (whistles)
Take off your skinny jeans
Sometimes I fake that I hate you and make up

So you are the best in me I dreamed that you were on a train
And you were leaving, you were leaving
