Walk Away From Love

Yaz

Move along, you're in my way
I've made my mind up not to stay
And it don't matter what you do
I've had enough of youYou can talk about the good times
I can just remember bad times
There ain't nothing left for saying
There's no way that I'll be stayingYou tell me to remember
When I told you that I'd never walk awayHey baby, don't walk away from love
Tell me baby, ain't my love enough
Listen to the things I say
And tell me why you walk away from love?Leave you standing on your own
It's time I spent some time alone
Need a while to think it out
Not sure what it's all aboutAnd it's no use to sit there crying
I can see you're only lying
Now I'll put the past behind me
Run some place where you can't find meYou tell me to remember
When I told you that I'd never walk awayHey baby, don't walk away from love
Tell me baby, ain't my love enough
Listen to the things I say
And tell me why you walk away from love?Bags are packed, I just can't wait
Gotta get out before it gets too late
I don't need you any more
Don't need your love for sureYou can talk about the good times
I can just remember bad times
There ain't nothing left for saying
There's no way that I'll be stayingYou tell me to remember
When I told you that I'd never walk awayHey baby, don't walk away from love
Tell me baby, ain't my love enough
Listen to the things I say
And tell me why you walk away from love?Don't walk away from love, don't walk away from love
Don't walk away from love, don't walk away from love
Don't walk away from love, don't walk away from love
Don't walk away from love
