

# How Do

## Mary Chapin Carpenter

Well that's a real nice jacket son, it looks like it cost you too  
And that car you're driving hey, does that belong to you?  
Well you don't look familiar, are you new in town?  
Here's a local girl who wants to show you around  
How do?

Where'd you get that accent son, it matches your cowboy boots  
Tonight those lone star ladies must be lonesome and oh so blue  
'Cause we're a thousand miles from the Texas line  
If you've no objection son tonight you're mine  
How do?

Well I've been to Paris baby, I've been to Dallas too  
But I didn't see no one there who looked half as good as you  
So if you ain't in a hurry baby, just sit tight  
I'm sort of in the mood to speak some French tonight  
Et vous?  
How do?
