Sufficient

Disconnect

You keep saying thereâ€™s more
No, itâ€™s got to be better
Now that you know whatâ€™s in store
You say youâ€™ve come into your own
And youâ€™d love to move on alone
But these empty threats leave you cold

Itâ€™s too late to change
(Now youâ€™re stuck here on your own)
You canâ€™t re-arrange
(You shouldâ€™ve thought of this before)
Choose your poison well
(Because itâ€™s all youâ€™ll ever know)
Everlasting hell

Tired of proving your worth even after all this time
If you donâ€™t know by now just take your bow
Over and over again we walk the same path
Come on back for more 'cause you wonâ€™t find the door

Itâ€™s too late to change
(Now youâ€™re stuck here on your own)
You canâ€™t re-arrange
(You shouldâ€™ve thought of this before)
Choose your poison well
(Because itâ€™s all youâ€™ll ever know)
Everlasting hell

Coming into view
(Now youâ€™re stuck here on your own)
The unlikely truth
(You shouldâ€™ve thought of this before)
How to make it through
(Because itâ€™s all youâ€™ll ever know)
Settled like a fool
