Cold embrace

Daedalus

Silent
Approaching while Im sleeping
You take my hands in tears
So sweetGentle
Your smile instilled with sadness
I hear your soundless voice
So closeYou felt my deepest hurt
Now you heal my soul
Taking your last caress
I can find a shelter to reclineLovely
You fascinating angel
Your eyes relieve my
Anxious mindListen
My breath is growing faster
Until I reach the end
Of painLost in your cold embrace
Ill perceive your light
Burning my life inside
You will see my fire fade awayAnd it seems so unreal
While you give me your love just one time
As I lose my last drop of strength
You bring me what I did not dare to find
