

# Keep It Right Here

## Survivor

You are the love without exception  
You're in my book of answered prayers  
No need to change your heart's direction  
At every crossroad, I'll be there Through endless nights and life's confusion  
Just simply sound your heart's alarm  
I guarantee you'll find compassion  
Right here within these open arms There will be nights, some restless nights  
When you're alone, your thoughts start to wander  
Wonderin' if it's right, you search the night  
Baby, you're home, why look any farther? Keep it right here, keep it right here, your sweet love  
Keep it right here, keep it right here, your sweet love You've been the love that I can count on  
The only one who truly cared  
Deep in your eyes, I found my fortune  
I treasure every night we've shared There will be nights, some restless nights  
When you're alone, your thoughts start to wander  
Wonderin' if it's right, you search the night  
Baby, come home, why look any farther? Keep it right here, keep it right here, your sweet love  
Keep it right here, keep it right here When you're lost and lonely, nowhere to turn  
Call out my name, there's no need to face it alone  
You know the answer deep in your heart  
Don't doubt what we've got 'cause baby, you're home You are the love without exception  
You're in my book of answered prayers  
No need to change your heart's direction  
At every crossroad, I'll be there Keep it right here, keep it right here, your sweet love  
Keep it right here, keep it right here, your sweet love  
Keep it right here, keep it right here, your sweet love  
Keep it right here, keep it right here, your sweet love
