

# Amnesia

## Chumbawamba

Goodbye to the summer, sold down the river  
Unhappy ever after, well, did you ever  
Did you ever reach for the glued-down penny?  
Same old joke and it's not funny  
Burns are red, bruises blue  
Out with the old, cheated by the new Do you suffer from long term memory loss?  
I don't remember  
Do you suffer from long term memory loss?  
I don't remember You sing the same old verse  
Stick like glue for better or worse  
What goes around comes around again, again, again  
This heart's pulled apart, hydra fighting head to head  
Burns are red, bruises blue  
Out with the old, cheated by the new Do you suffer from long term memory loss?  
I don't remember  
Do you suffer from long term memory loss?  
I don't remember Amnesia Do you suffer from long term memory loss?  
I don't remember  
Do you suffer from long term memory loss?  
I don't remember Do you suffer from long term memory loss?  
I don't remember  
Do you suffer from long term memory loss?  
I don't remember
