

The Gates Of Rock 'n' Roll

Vast

Take me to the places
You keep secret
Into a land of fur and diamonds
In my mind
There's a girl I'd like to love
And there's some things I'd like to say
To who is gonna hear
The gates of rock-n-roll
Will never close on me
The gates of rock-n-roll
Will never close on me
Take me to your mansions
Way beyond the gates
I will do anything to get there
You know I will
There's a man I'd like to be
And there's some things I'd like to say
To who is gonna hear
There's a girl I'd like to love
And there's some things I'd like to say
To who is gonna hear
The gates of rock-n-roll
Will never close on me
The gates of rock-n-roll
Will never close on me
