Shes a face in the kraut lookin' right through you
As if she knew you better than you know yourself
What does she know about the things that you go
That you go, go through only in a day?Pussy pussy pussy marijuana
Pussy pussy pussy
Pussy pussy pussy marijuana
Pussy pussy pussyShe caught you walkin' about in a frozen desert
From the tip of the iceberg, you slip and fall
Falling through the clouds of your fata morgana
In the lap of your mama you land, shell understandPussy pussy pussy marijuana
Pussy pussy pussy
Pussy pussy pussy marijuana
Pussy pussy pussyIf you start lookin' around you, you know theres no pretending
Cause how you twist and bend it, shes the perfect tout
Leave everyone spellbound when she mixes and blends it
Cause the message shes sending is, shes ready to sell outPussy pussy pussy marijuana
