

Magic Mirror (Washes Whiter Than Album Version)

Petra

Magic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk away I must have walked by you a thousand times before
I never noticed you were hangin on my door
But then you caught my eye and let me see myself
My legs were running with my shoes nailed to the shelf When I saw you hangin there, I had to stop and stare
'Cause every time I see a little more of me Magic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk away Sometimes I don't know who's been looking back at me
If I'd look closer I know I would always see
Won't you reflect your light on me and I'll reflect on you
Let me really see just how I look to you Magic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk away When I act too tall, you bring me down to size
And when I feel too small you show me all the lies
I try to tell myself
How can I thank you for all you've done for me? And now I'm watchin and I see me grow in you
I know that I've got so much growin left to do
Please keep me in your light from mornin until night
Until I finally come into the image of the sun Magic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk away
And only walk away
