All the Way (Freaky Style)

Color Me Badd

Been checkin' your scene,
Tell me, how can I be down?
All I want is all you got, babe.
I'm freaky bound.
I feel it all over when you're around.
Keep savin' that honey love,
'Cause your daddy's back in town, c'mon.
I want you now, mama, every day and night.
I want to make love to you till the morning light.
So just hold on, mama, don't you close the door.
I'll satisfy your wants, and you'll be beggin' me for more.
Suga, c'mon.[Chorus]
I'm diggin' your freaky style, lets take it all the way.
Get kinky, baby, for a while, lets take it all the way.
Ain't nothin' like gettin' down, lets take it all the way.
We can kick it, mama, here and now,
Lets take it all the way.
Step to my game,
Mama, show me where your from.
'Cause I really don't want to stop, mama,
Till the morning comes.
We'll be making sweet love.
Lets do it all.
You feel just what I mean.
I'm givin' everything you want.[Chorus]You know I gots the ah, I know you gots the oh.
Yo, all we need now is time for me and you.
It's a little crazy, you's a little wild.
Put 'em both together and you got a freaky style...
Freaky style.
Yo, put 'em both together and you got a freaky style.
