

# Just Want You Around

## Distant Sun

Got my life back on track thank you, man I thought I wasn't gonna make it

    Got my mind made up on who I am and I don't want to change it

    Cuff links, shirt tie, 9 - 5 every week day, it was never gonna suit me

Tried to break it anyway I knew I couldSo just listen to what I tell youI don't care about all that stuff I just want  
    you around

    I don't care about all that fuss I just want you around

I just want you aroundFriday nights alright for getting down to live it up how you want to

    Sunday nights alright for coming round to forget about tomorrow

    but Monday, Monday, Monday bloody Monday, you know how much I hate it

I say, you say, we'll stay up and drag it outSo just listen to what I tell youI don't care about all that stuff I just  
    want you around

    I don't care about all that fuss I just want you around

    I just want you around

    I don't care about all that stuff I just want you around

    I don't care about all that fuss I just want you around

    I don't care about who I trust I just want you around

I don't care about feeling rough I just want you aroundI don't care baby, woah oh oh oh

    I don't care baby, woah oh oh oh

    I don't care baby, woah oh oh oh

    I don't care baby, woah oh oh oh
