

Compromise

Goloka

Hey boy you think I am so difficult
But I'm not difficult oh nooo
Sometime you find me confrontational
But I ain't looking for a fight oh no

Please don't criticize
I am trying hard
To give the best I've got

Please don't criticize
Time has made me wise
You should know by now
That for you I will compromise

Rap:

Darling you think I'm so tough and stubborn
that I'm never willing to let go or swallow my pride
I get this feeling from you that you want me to change...I can't change
At the end of the day I care for you, and I comfort you, and I love you....sooooo
