

# Long Way Down

## Goo Goo Dolls

Oh here you are, there's nothing left to say.

You're not supposed to be that way

Did they push you out, did they throw you away? Touch me now and I don't care. When you take me I'm not there.

Almost human, but I'll never be the same. Long way down, I don't think I'll make it on my own.

Long way down, I don't want to live in here alone.

Long way down, I don't think I'll make it on my own. I never put you down, I never pushed you away.

You're not supposed to be that way.

And anything you want, there's nothing I could say. Is there anything to feel? Is it pain that makes you real?

Cut me off before it kills me. Long way down, I don't think I'll make it on my own.

Long way down, I don't want to live in here alone.

Long way down, I don't think I'll make it on my own. I never put you down, I never pushed you away.

Take another piece of me.

Give my mind a new disease.

And the black and white world never fades to gray. Long way down, I don't think I'll make it on my own.

Long way down, I don't want to live in here alone.

Long way down, I don't think I'll make it on my own.
