

# Thats All

## Young Thug

[Pre-Hook]

I got me a K in this place  
Baby, don't play in this place  
You can call me ace in this place  
Ten thousand dollar vase in his face  
Bring them racks out the safe  
Go to church like Mase  
Put a mask on my face

Beat the case and buy a case and he dead[Hook]

Fuck a nigga bitch, that's all  
Grabbin' on my dick, that's all  
Stuntin' with my bitch, that's all  
Grindin' with my clique, that's all  
My cup gotta be muddy, that's all  
She tell me that she love me, that's all  
I wanna clean it with Lysol (fresh)

She fuckin' all my buddies, that's all[Verse 1]

She fuckin' all my buddies

I might love fuckin' it, but I say can I love it?

I might catch a nigga, bitch and fuck her right I crush her

Bitch, I am a monster, I know I am a lil' ugly

I might pull up with all of my jewelry on like Busta

Got a unique body, my clothes, get 'em from Russia

I might pull up and pimp that bitch just like a sucka

[?] I fuck unless I got my mustard, ketchup, nigga

Nigga loaded pimpin' pimp tight, game right

I might eat it, I might beat it like Mike Ikes

Treat that pussy Tempurpedic, and call it a night

She compliment on my fly, and I ain't talking no flight

And therefore I love her

She make a nigga shine without using butter

My partner in crime, she won't tell like her mother

We don't want no one other, we got one another

She know I got her weed and each other

She know I'ma grip her V when I fuck her

She know I'ma go overseas like a Blood

Hey baby my name Jeff and Mud[Pre-Hook] + [Hook][Verse 2]

I won't hit that girl, no guacamole

I can see straight through you like a bullet

Shawty want my closet like a hood  
Fuck all of my feelings, no good  
Bitch I am a tiger, no wood  
I done see more hoes than Tiger Woods  
When she with me she just do it  
She can't fit into these jeans don't do it[Bridge 1]  
She remember me  
She remember everything about me  
She remember me  
She remember, she remember everything  
She remember me  
She remember me  
She do it, she do, she do[Verse 3]  
She remember I'm a young nigga  
Every time she sees those raps she want a song, nigga  
She know I'm in her mouth just like some gum, nigga  
I might give her my all, then some, nigga  
I strap my fingers and then check my palms, nigga  
My girl gon' relax, and dressed in Toms, nigga  
Look bitch I'm a tall, nigga  
You know my cup is pink, like bubblegum, nigga[Bridge 2]  
Pink, pussy wetter than a sink  
Out here on my knees  
If I can't have you you're deceased  
That means I couldn't be  
A,B, I can't see, curiosity  
In love with the opposite of me  
Do you deep? Yeah[ Hook ]
