Fishy Love

Griffinilla

Ooo, we break the laws of attraction
Like you'r sent from up above
Got a case of Fishy Love
Ooo, we're like a chemical raction
Or a code you can't debug
Got a case of Fishy Love
She's always turning to violence
Im always turning to science
She's so determined shes timeless
And i'm so nervous i'm silent
What if she finds out im lying
What if she sends me home crying
Why can't I just be kawaii
And then im like
Baby, baby, baby, you're so fine
Mew Mew Kissy Cutie, youll be mine
Crushing, crushing, Crushing, on Undyne
Oh, did i say that out-
No, did i say that out loud?
Ooo, we break the laws of attraction
Like you'r sent from up above
Got a case of Fishy Love
Ooo, we're like an improper fraction
Hope this ship gets safe to shore
Though im really quite unsure

Ya ya ya yaa
She's always turning to violence
Im always turning to science
She's so determined shes timeless
And i'm so nervous i'm silent
What if she finds out im lying
What if she sends me home crying
Why can't I just be kawaii
And then im like
Baby, baby, baby, you're so fine
Mew Mew Kissy Cutie, youll be mine
Crushing, crushing, Crushing, on Undyne
And so you shout it out!

And so you shout it out loud!
Ooo, we're like a warrior in action
Fit together like a glove
Got a case of Alphy love!
OOOOH MY GOD
HOW LONG HAVE YOU BEEN STANDING THERE
I've been right here the whole time
Ok now I want to die
Ooo, we break the laws of attraction
A duet will maby do...
I invited Pappy too!
What
OOO, IT FEELS SO GOOD TO BE INCLUDED!
SMOOSHED TOGETHER LIKE A BUG!
Got a case of Fishy Love...
