# Fill My Heart

## Twila Paris

Fill my heart, fill this house, fill this day, O Lord
I was weak and I need Your grace
You are the only Light, You are the Way of Life
Fill my heart, fill this house, fill this day, O LordFill my heart, fill this house, fill this day, O Lord
I am Yours, I will give You praise
You are the only Truth and I will follow You
Fill my heart, fill this house, fill this day, O LordFill my spirit with Your spirit until I cannot contain it
Fill my heart that cannot be explained
Fill another earthen vessel until grace is overflowing
And this barren earth is covered by Your rainFill my heart, fill this house, fill this day, O Lord
Speak Your Word and I will obey
So open eyes can see all You are in me
Fill my heart, fill this house, fill this day, O Lord
