

When Christmas Comes Around (with Sara Gazarek)

Triosence

WHEN CHRISTMAS COMES AROUND

The mistletoe hangs here and there
For lovers to lose all their cares
And kiss the one they love the most
When Christmas comes around

This is the special time of year
With all those wishes you can hear
Itâ€™s not the gifts that matter most
When Christmas comes around

Many people donâ€™t believe or share our Christmas cheer
But then again, it just doesnâ€™t matter so join in

It is a feast of love and joy
To share with every girl and boy
That special feeling matters most
When Christmas comes around

~break~ bass/piano solos

Many people donâ€™t believe or share our Christmas cheer
But then again, it just doesnâ€™t matter so join in

It is a feast of love and joy
To share with every girl and boy
That special feeling matters most
When Christmas comes around (x3)
