River Of Love

Richie Sambora

In your river of love
In your river of love
In your river of love
In your river of love
Well let me tell you a story
About body and blood
Well there's a fire below
Deep in the river of love, yeah
Hey pretty mama I'm just trying to be polite
I wanna make you feel the rhythm of the river tonight
And when the story is over, you'll be satisfied
Honey, honey, honey don't you understand?
To make you feel like a woman
Makes me feel like a man
Let me take you down to the river of love
Baby, pull me under make me drown in your flood
Baptize my body in your river of love
Won'tcha take me down, I wanna drown
In your river of love
If you're a little lovesick
Woman I got the cure, yeah
Well let me be your preacher
And you can be my whore
Well I feel your heart pumpin' honey don't say no
I wanna dive in your river
Take you down real slow
And then your body will quiver
And the river will flow
Honey, honey, honey don't you understand?
To make you feel like a woman
Makes me feel like a man
Let me take you down to the river of love
Baby pull me under, make me drown in your flood
Baptize my body in your river of love
Won'tcha take me down, I wanna drown
In your river of love, in your river of love
[Incomprehensible]Down, down, down let me take ya
Down, down, down I wanna take ya
Down, down, down let me take ya

Down, down, down I wanna take ya
Down, down, down, down
Let me take you down to the river of love
Baby, pull me under, make me drown in your flood
Baptize my body in your river of love
Take me down, I wanna drown
Take me down to the river of love
Baby, pull me under, make me drown in your flood
Baptize my body in your river of love
Take me down, I wanna drown, yeah, yeah
[Incomprehensible]In your river of love
Deep in the river of love
In your river of love
