

# River Of Love

Richie Sambora

In your river of love  
In your river of love  
In your river of love  
In your river of love  
Well let me tell you a story  
About body and blood  
Well there's a fire below  
Deep in the river of love, yeah  
Hey pretty mama I'm just trying to be polite  
I wanna make you feel the rhythm of the river tonight  
And when the story is over, you'll be satisfied  
Honey, honey, honey don't you understand?  
To make you feel like a woman  
Makes me feel like a man  
Let me take you down to the river of love  
Baby, pull me under make me drown in your flood  
Baptize my body in your river of love  
Won'tcha take me down, I wanna drown  
In your river of love  
If you're a little lovesick  
Woman I got the cure, yeah  
Well let me be your preacher  
And you can be my whore  
Well I feel your heart pumpin' honey don't say no  
I wanna dive in your river  
Take you down real slow  
And then your body will quiver  
And the river will flow  
Honey, honey, honey don't you understand?  
To make you feel like a woman  
Makes me feel like a man  
Let me take you down to the river of love  
Baby pull me under, make me drown in your flood  
Baptize my body in your river of love  
Won'tcha take me down, I wanna drown  
In your river of love, in your river of love  
[Incomprehensible]Down, down, down let me take ya  
Down, down, down I wanna take ya  
Down, down, down let me take ya

Down, down, down I wanna take ya  
Down, down, down, down  
Let me take you down to the river of love  
Baby, pull me under, make me drown in your flood  
Baptize my body in your river of love  
Take me down, I wanna drown  
Take me down to the river of love  
Baby, pull me under, make me drown in your flood  
Baptize my body in your river of love  
Take me down, I wanna drown, yeah, yeah  
[Incomprehensible]In your river of love  
Deep in the river of love  
In your river of love
