

What Happened to U (Cabo Blanco Bootleg)

Usher

When you give it up, you get it on
What happened to you yeah
From the beginning I knew what I was getting
But I was with it, and I'll admit that
She was clear it was a kinda thing
It wouldn't be easy for me to let it go
For my time I got money, but money don't buy time
I got a head, some got left behind
The world is yours, just sign this dotted line And in no time, I hear, money, clothes, fancy cars
Big old cribs, platinum on the wall, seven Grammys
Sold out concerts, damn I've been working hard
Private jets to France, many women
I didn't have a ball
You can say I've made it
But I've faded 'cause I miss you
Can we go back
But the issue is time we can't get back
What happened to you, yeah, come back
'Cause I miss you, can we go back
What happened to you
What happened to you Did what I wanted, freaked all the honeys
I stayed only mine, mind was on the money
Had whatever, whenever, heart throb forever
Black, young, and clever When you give it up, you get it on
Love would be the only reason to look back
And once you turn it on, you can't turn it off
But picture me complaining with all this Money, clothes, fancy cars
Big old cribs, platinum on the wall, seven Grammys
Sold out concerts damn I've been working hard
Private jets to France, many women
I didn't have a ball
You can say I've made it
But I'm faded 'cause I miss you
Can we go back
But the issue is time we can't get back
What happened to you, yeah, come back
'Cause I miss you, can we go back
What happened to you
What happened to you What sense does it make to have everything and nothing

At the same time
Where are you
I need you, yeah
I'm looking for you,
Girl, come and share all this Money, clothes, fancy cars
Big old cribs, platinum on the wall, seven Grammys
Sold out concerts damn I've been working hard
Private jets to France, many women
I didn't have a ball
You can say I've made it
But I'm faded 'cause I miss you
Can we go back
But the issue is time we can't get back
What happened to you, yeah, come back
'Cause I miss you, can we go back
What happened to you
I'm happy for you, wherever you are
