

Finally woken

Crimson Circle

Finally woken

Finally woken

I've been thinking 'bout things for a long while

I'm feeling so calm, I've got a big smile

I have a view of the sun right over the sea

Now I can feel life is flowing through me

You see I've finally woken from a long sleep

I'm ready to jump to make that blind leap

'Coz I now believe I have the power in me

I've got the faith baby I can truly be free

Finally woken

Finally woken

And child don't worry it's okay

The sun is out for another day

And I say it'll be alright, be alright

Today's the first day of the rest of your life

Remember, remember, remember this, remember

(I've got a big smile)

Child don't worry it's okay

(I feel good)

The sun is out for another day

(I've got a big smile)

And I say it'll be alright, be alright

(Someone's shining on me)

(I've got a big smile)

Today's the first day

(I feel good)

Of the rest of your life

Remember

(I've got a big smile)

Remember, remember this remember

(Someone's shining on me)

And child don't worry it's okay the sun is out for another day

Today's the first day of the rest of your life

And I say it'll be alright, be alright

Remember, remember, remember this, remember

Finally woken

(I feel good)

(I've got a big smile)
Finally woken
(I feel good)
(I've got a big smile)
Finally woken
(I feel good)
(I've got a big smile)
Finally woken
(I feel good)
(I've got a big smile)
And I say it'll be alright, be alright
And I say it'll be alright, be alright
