Miles Away

Souleye

Verse 1I was still sleeping When I heard it
Woke up suddenly
Must have been the current
A lifelong melody
Me and my mind never stop talking
Why would I wanna
I love that part of me We do it often
An on occasion During certain conversations
It's like vacation Music's every where I go
Every step I take Is another part of the flow
Good morning American born
I hear the horns in the background
As the cars pass I've got my License for living
And I'm not gonna slow down
The speed limit was never given
No competition Rhythmic intercourse
And a pure deep vision
And of course there's always
More I guess I guess
I've got to look at all the signs and symbols
It's seriously simple Keep my ears open
And prepare for the sound
It's like an echo when you hear it
It comes back around Listen
Chorus
I can hear you coming
From a mile away
If you vibe the music
Then the music well playVerse 2Say goodnight
Good morning again
The syncopated
Cali fornicated
Look it mom we made
When the sun comes up
The birds sing harmony
That's the way the of track
If you the know music
Then go aheadBridge
Music

Go ahead and turn it up now
Music
You can hear it's all around
