

# High Water

## Trampled by Turtles

It survives  
I think its nice  
To drive around till youre blindYoung and old  
Scared or bold  
Youre what you want with your timeI wanna go sorry  
Well I, Im sorry tooRight or wrong  
Which side Im on  
The earth wont ever let it slideLonesome man  
Hes got a plan  
To end it all before his timeI wanna go sorry  
Well I, Im sorry too.
