

Wasted Tears

The Fabulous Thunderbirds

My wasted tears they fall like rain, and my heart is in pain,
She's been gone two weeks, seems like years
Since I've been crying these wasted tears, my wasted tears
She said goodbye, I said so long
I guess I brought this on my own
Just one phone, knowing that you were near
Might just dry up these wasted tears, my wasted tears
We'd been together a long long time,
Everything seem to be fine, now she's gone and I'm to blame
Now I'm crying
So life goes on, I must say
Everyday is payday and I've got to pay and pay and pay
I've realized my worst fears, now I'm drowning in wasted tears my wasted tears
We'd been together a long long time,
Everything seem to be fine, now she's gone, she's gone and I'm to blame
Now I'm crying
So life go on I must say
Everyday is payday and I've got to pay and pay and pay
I've realized my worst fears, now I'm drowning in wasted tears my wasted tears
My wasted tears, my wasted tears my wasted tears
