Great Jones Street

Luna

Up on the roof, it's almost dawn
See the water towers, look so forlorn
They've got no reason to feel that wayNight turn to day
Let's get away
It's another dayLet's get away
It's another dayWe'll go somewhere we've never been
Time's runnin' out, we'll start again
What's round the bend I just can't sayNight turn to day
Let's get away
It's another dayLet's get away
It's another day
