They Don't Know

Disciples

They think I've own it, but they don't know
They think I'm feeling for it, but they don't know
They think I got it, but they don't know
They think I'm feeling for it, but they don't know

I've never been deep on it
I've never been deep down on it

They think I've own it, but they don't know
They think I'm feeling for it, but they don't know
They think I got it, but they don't know
They think I'm feeling for it, but they don't know

I've never been deep on it
I've never been deep down on it
