

# They Don't Know

## Disciples

They think I've own it, but they don't know  
They think I'm feeling for it, but they don't know  
They think I got it, but they don't know  
They think I'm feeling for it, but they don't know

I've never been deep on it  
I've never been deep down on it

They think I've own it, but they don't know  
They think I'm feeling for it, but they don't know  
They think I got it, but they don't know  
They think I'm feeling for it, but they don't know

I've never been deep on it  
I've never been deep down on it
