

Bring It Back (Single Edit)

Brooklyn Bounce

I will always remember this summer
'Cause the summer was all we had
Bring it back You gotta bring it back
Can you feel me?
Knock your head
Bring it back
Bring it back
Back, you gotta bring it back You gotta bring it back
Remember this summer
You gotta bring it back
The real way I know why I feel so sad
'Cause the summer was all we had
I wish it for tomorrow
To come and bring it back I know it was yesterday
But I'll make it anyway
I wish it for tomorrow
To come and bring it back You gotta bring it back
Bring it back
Bring it back
You gotta bring it back Bring it back
Come and bring it back
[Incomprehensible]
Come and bring it back Can you feel me?
You gotta bring it back, yesterday
'Cause the summer was all we had I know why I feel so sad
'Cause the summer was all we had
I wish it for tomorrow
To come and bring it back I know it was yesterday
Make it anyway
I wish it for tomorrow
To come and bring it back Bring it back
You gotta bring it back
Come and bring it back
Bring it back
To come and bring it back
Bring it back
You gotta bring it back
