Break Up Every Night

The Chainsmokers

She wants to break up every night
She wants to break up every night
Don't wanna wait until she finally decides to feel it
She wants to break up every night
Then tries to fuck me back to life
I cannot help it if I like the way she makes me feel it"Give me time, give me space, give me reason."
That's what you tell me when you're leaving
Change your mind every night like the seasons
You're insatiableAnd I know you say you want it now (want it now)
Give me the runaround (runaround)
Which one am I with now
She's got seven personalities, everyone's a tragedyShe wants to break up every night
She wants to break up every night
Don't wanna wait until she finally decides to feel it
She wants to break up every night
Then tries to fuck me back to life
I cannot help it if I like the way she makes me feel itBeen to France one time and you're Parisian
Joined the real world, new season
Check my phone, check my pulse, ain't a reason
I kinda love it thoughAnd I know you say you want it now (want it now)
Give me the runaround (runaround)
Which one am I with now
She's got seven personalities, every one's a tragedyShe wants to break up every night
She wants to break up every night
Don't wanna wait until she finally decides to feel it
She wants to break up every night
Then tries to fuck me back to life
I cannot help it if I like the way she makes me feel itShe wants to break up every night
She wants to break up every night
Don't wanna wait until she finally decides to feel itSo I build bridges up, the bridges up
Build the bridges up again
Build bridges up, the bridges up
Build the bridges up again
Build bridges up, the bridges up
Build the bridges up again, ohShe wants to break up every night
She wants to break up every night
Don't wanna wait until she finally decides to feel it
She wants to break up every night
Then tries to fuck me back to life

I cannot help it if I like the way she makes me feel it
