

What About Now

Daughtry

Shadows fill an empty heart as love is fading
From all the things that we are but are not saying
Can we see beyond the scars and make it to the dawn? Change the colors of the sky and open up to
The ways you made me feel alive, the ways I loved you
For all the things that never died
To make it through the night, love will find you What about now? What about today?
What if you're making me all that I was meant to be?
What if our love never went away?
What if it's lost behind words we could never find?
Baby, before it's too late, what about now? The sun is breaking in your eyes to start a new day
This broken heart can still survive with a touch of your grace
Shadows fade into the light
I am by your side, where love will find you What about now? What about today?
What if you're making me all that I was meant to be?
What if our love, it never went away?
What if it's lost behind words we could never find?
Baby, before it's too late, what about now? Now that we're here, now that we've come this far
Just hold on
There is nothing to fear, for I am right beside you
For all my life, I am yours What about now? What about today?
What if you're making me all that I was meant to be?
What if our love never went away?
What if it's lost behind words we could never find? What about now? What about today?
What if you're making me all that I was meant to be?
What if our love never went away?
What if it's lost behind words we could never find?
Baby, before it's too late, baby, before it's too late
Baby, before it's too late, what about now?
