

Intoxicated

LanzamientosMp3.es

I feel you all around me
Though you're no more in this space
 You're nowhere to be found
There's not a breath of you in here
 Leaving us behind
 I just can't do it all the way
 And nothing can describe
The feeling of dancing with this pain
 I toss and turn and then
 I roll on your side of the bed
 I touch your absent face
No tear will ever bring you back
 I'm broken inside
And I wish I could go where you went
 I'll fall asleep until I see you
 At the other end
 How can I stand alive
 With only half a life?
 How can I love so hard
 With only half a heart?
 Where do I go from here?
 How do I breath in here?
 I guess it must be true
 I am intoxicated by, you
 I try to store away
 Pictures and little souvenirs
I found a tone to say I'll be okay

Look, I'm still here
 Lying is my way
To keep these feet walking around
 While my soul instead
Has found a way to reach your ground
 How can I stand alive
 With only half a life?
 How can I love so hard
 With only half a heart?
 Where do I go from here?
 How do I breath in here?

I guess it must be true
I am intoxicated by you, by you
I guess it must be true
I am intoxicated by you
How can I stand alive
With only half a life?
How can I love so hard
With only half a heart?
Where do I go from here?
How do I breath in here?
I guess it must be true
I am intoxicated by you
I am intoxicated
Intoxicated by you
