Bon Iver

[Verse 1]

Sharing smoke
In the stair up off the hot car lot
Sun shine hard on the video spot
Hm, mm, mm, mm
Sure as any living dream
It's not all then what it seems
And the whole thing's hauled away[Chorus 1]

A womb

An empty robe

Enough

You're rolling up

You're holding it

You're fabric now

Paramind

Paramind[Verse 2]

Hallucinating Claire

Nor the snow shoe light or the autumns

Threw the meaning out the door

(Now could you be a friend)

There ain't no meaning anymore

(Come and kiss me here again)[Chorus 2]

A womb

An empty robe

Enough

You're rolling up

You're holding it

You're bent prizeCanonize, canonize[Bridge]

Motor up and yeah, you're own, ooh

And yeah your own your own[Verse 3]

Fold the map and mend the gap

And I tow the word companion

And I make my self escape

Oh, the multitude of other

It comes always off the page[Chorus 3]

I hold the note

You wrote and know

You've buried all your alimony butterflies[Post-Chorus]

Sub find

Some night
