

Kevin's Hell

Wrens

I 'll pass on that forget you ever sent it here
low arms to dance fashion levels tapping at the seasons
killing anyone who would know I 'll light the way, the day, the everything
I see and I know it 's a show
so take the car back I think it 's trying to kill me
here 's my face with holes can you see through in here, this way,
In here I 'm keeping them like this it 's great but don 't tell
if you do I will have to keep you
look at them, they are happy just to see me
tie them in the basement
feed them apples and read their tarot
