

# Asshole

## Halloween

I, never saw you goin straight  
You, lying right into my face  
High, my expectations were for faith  
You, you're driving me insaneNo one came that far, without abilities  
You're the greatest of them all  
You lie you steal you betray you don't feelYou're an asshole  
Typical human being  
You're a sucker  
Sucking out energy  
Asshole  
Typical human being  
You motherfucker  
Stupid shit you make me fleeI, I'm sick of your stupid ego  
No, you are not the only one  
You, your manipulation stops here  
No, right now we are not friendsNo one came that far, without abilities  
You're the greatest of them all  
You lie you steal you betray you don't feelYou're an asshole  
Typical human being  
You're a sucker  
Sucking out energy  
Asshole  
Typical human being  
You motherfucker  
Sucking out energy  
Asshole  
Typical human being  
You motherfucker  
Stupid shit you make me fleeYou're an asshole  
Typical human being  
You're a sucker  
Sucking out energy  
Asshole  
Typical human being  
You motherfucker  
Stupid shit you make me fleeAsshole  
Typical human being  
You motherfucker  
Stupid shit you make me flee
