

I'm Your Late Night Evening Prostitute

Tom Waits

Well I got here at eight and I'll be here till two
I'll try my best to entertain you
And please don't mind me if I get a bit crude
I'm your late night evening prostitute So drink your Martinis and stare at the moon
Don't mind me I'll continue to croon
And don't mind me if I get a bit lewd
I'm your late night evening prostitute And dance, have a good time
I'll continue to shine
Yes dance, have a good time
Don't mind me if I slip upon a rhyme Well I got here at eight and I'll be here till two
I'll try my best to entertain you
And please don't mind me if I get a bit crude
I'm your late night evening prostitute
I'm your late night evening prostitute
