

Welcome To The Future

Brad Paisley

When I was ten years old
I remember thinking how cool it would be
When we were going on an eight-hour drive
If I could just watch TV
And I'd have given anything
To have my own Pac-Man game at home
I used to have to get a ride down to the arcade
Now I've got it on my phoneHey, glory, glory, hallelujah
Welcome to the futureMy grandpa was in World War 2
He fought against the Japanese
He wrote a hundred letters to my grandma
Mailed them from his base in the Philippines
I wish they could see this now
The world they saved has changed you know
'Cause I was on a video chat this morning
With a company in TokyoHey, everyday's a revolution
Welcome to the futureHey, look around it's all so clear
Hey, wherever we were going, well we're here
Hey, so many things I never thought I'd see
Happening right in front of meI had a friend in school
Running back on the football team
They burned a cross in his front yard
For asking out the homecoming queen
I thought about him today
And everybody who'd seen what he'd seen
From a woman on a bus
To a man with a dreamHey, wake up Martin Luther
Welcome to the future
Hey, glory, glory, hallelujah
Welcome to the future
