

# Love Having You Around

Stevie Wonder

Please  
(Mama, mama, mama)  
Mama, mama, baby  
Baby, baby, baby, oh mm  
(Mama, mama, mama)  
(Baby, baby, baby)(Listen Baby)  
Every day I want to fly my kite  
And every day I want to fly my kite  
And every day I want to get on my camel an' ride  
Uh yeah Every day I want to shake your hand (yeah, yeah, yeah)  
For in the world makin' me a better man  
An' every day I want to get on my camel an' ride  
(On my camel ride, on my camel)  
Oh baby And when the day is through  
Nothin' to do, I sit around groovin' with you  
And I say it 'cause I love having you around  
And I say it 'cause I love having you around, Yeah Everyday I wanna be your friend, (be your friend)  
'Cause you have stuck with me through thick and thin  
An' every day I want a smile in your lovely brown eyes  
(Smile at your lovely brown eyes)  
Oh yeah Every day I'm gonna give my share,  
'Cause I know your gonna take me there, (hey, hey)  
An' every day I want to get on my camel an' ride, uh  
(Get on my camel) Uh, and when the day is done  
Nothin' to do, spend all my time just loving you  
An' I say it 'cause I love having you around, mm baby  
And I say it 'cause I love, oh having you around  
Yeah, yeah, yeah, yeah, yeah Mm, yeah, yeah, yeah, yeah An' in the end I know you'll be with me  
'Cause you made my soul so free, (so everyday)  
An' every day I want to get on my camel an' ride  
(On my camel)  
Eh, yeah And when the day is through  
Nothin' to do, spend all my time just lovin' you  
An' I say it 'cause I love yeah having you around  
(Love having you around)  
And I say it 'cause I love having you around yeah, yeah, yeah  
An' I say it 'cause I love having you around (having you around baby)  
And I say it 'cause I love -can't you hear me people?- (having you around)  
Can't you hear me people? Oh no

(And I say it 'cause I love having you around)  
Can't you hear me say it?  
Can't you hear me say it baby?  
And I say it 'cause I love having you around  
(An' I say it, I say it, oh baby, baby, baby baby, baby)(An' I say it, say it, say it, say it)  
Baby, baby baby (say it, say it, say it)  
Baby, I say it 'cause I love having you around (say it, say it baby)  
An' I say it 'cause I love (say it, keep saying, say it again)  
Having you around (say it, say it, just say it, say it, baby)  
An' I say it 'cause I love (say it, an' I keep saying it, I keep saying it)
