

# Laugh or Cry

**Roger Taylor**

This ain't no tragedy, this ain't no addiction  
This ain't no comedy, this ain't no fiction  
But baby you make me laugh  
And baby you make me cry  
I don't mind either way  
Now I don't care why You just gotta laugh or cry  
Right till the day you die  
Just open up your heart  
Or open up your eyes  
Laugh or cry So anytime you wanna laugh  
Anytime you wanna cry  
Just open up your heart  
Or open up your eyes  
And baby laugh or cry And baby I know that you'll thank me someday  
(Don't hide your emotions)  
And baby I know that you'll see it my way  
(Forget all of these notions)
