Wait For You

Jake Miller

Wait for you
Wait for youYou said your heart is still fragile (Fragile)
Maybe we should keep it casual
That's fine
That's fine
(Wait)He broke your heart into pieces
I know that you are still healing
That's fine
It's alrightI think you could use someone like me
But you ain't ready yet
You scared to love again
I think you could use someone like me
It's killing me inside
But you can take your time
'Cause I'll wait for you
No matter how long I have to
Yeah I'll wait for you
And every night I'm hurting
But I know you'll be worth it
So I'll waitI will wait for you
(I will wait for you)
I will wait for you
(I will, I will)
I will wait for you
(I will wait for you)
I will wait for you
(I will, I will)I start to run out of patients
When I start picturing you naked
No lie
No lie
You sleeping alone but I'm jealous
Cause I got a space in my bed it's
Your size
Your sizeI think you could use someone like me
But you ain't ready yet
You scared to love again
I think you could use someone like me
It's killing me inside
But you can take your timeCause I'll wait for you

No matter how long I have to
Yeah I'll wait for you
And every night I'm hurting
But I know you'll be worth it
So I'll waitI will wait for you
(I will wait for you)
(Yeah I will)
I will wait for you
(I will, I will)
(As long as it takes)
I will wait for you
(I will wait for you)
I will wait for you
(I will, I will)Watch the seasons change
But you still can't make
Up your mind
How much time
Do I have to wasteAlways get that rush
When my phone lights up
If it's never you
I should just give you upBut I'll wait for you
No matter how long I have to
Yeah I'll wait for you
And every night I'm hurting
But I know you'll be worth it
So I'll wait
